AOTrauma member-exclusive benefits; reasons to join the AOTrauma network

Direct access to the AOTrauma network

With our comprehensive member directory you can identify and locate your local or global colleagues within the community.

Free E-Books

Gain free access to the exceptional full-color illustrations and instructive texts of a variety of e-books AOTrauma offers to its members.

Primal Pictures, 3D human anatomy

Access complete, detailed and accurate 3D models of human anatomy designs.

Fellowship opportunities

Benefit from the opportunity of around 200 fellowships for surgeons and 15 fellowships for ORP performed at designated hospitals located worldwide.

Ovid online journals

Gain free access to the Ovid online full-text journals. Ovid offers outstanding journal collections containing some of the world's most highly-cited and respected content.

Injury journal online

Gain access to the Injury journal, the international journal dealing with all aspects of trauma care and accident surgery and exchange of ideas, techniques and information amongst the members of the trauma community.

Journal of Perioperative Practice

Access the JPP focusing solely upon perioperative practice. JPP contains a wealth of information by discussing evidence-based cases, extending your education by variety of research-based articles, literature reviews and topic-related discussions.

AOTrauma online videos and lectures

AOTrauma offers its members a variety of educational videos and lectures available online, 24 hours a day.

CaseForum

The CaseForum symbolizes the essence of the AOTrauma community as it gives our members a great opportunity of extensive knowledge sharing through online case discussion.

Special offers and discounts

AOTrauma provides a range of special offers and discounts exclusively to its members.
